Fire Alarm Systems

by Central Security Services Inc. - Engineered Sales Department

Fire Alarm Systems

Central Security Services Incorporated (CSSI) offers an engineered division for fire alarm systems design and bid proposals. CSSI offers a full service program to insure your commercial construction project is on time and within your project budget.

Required monitoring of fire alarm system is done by our own 24-hour UL Listed central monitoring station. All bids include engineered drawings for submittals; some fire alarm contractors do not include this bid as part of their contract. All personnel are properly licensed by State of California for fire alarm certification and factory trained by Bosch Security Systems. All systems are supported for service repair and inspection by factory trained technicians.

- Engineered Fire Systems
- Engineered Drawings
- Fire Department Submittals
- New Construction Bids
- Required NFPA Inspections
